

Technical Data Sheet

Pelmatol NFO

Neatsfoot oil

Product Review

PELMATOL NFO is a pure natural neatsfoot oil.

Product Characteristics

Physical state	Brown oil
pH in 10% aqueous sol.	7,0 ± 2
Active substance	98% ±2
Charge	Anionic

Benefits & Application

PELMATOL NFO penetrates slightly into the grain.

PELMATOL NFO is a product used both for grain treatment and for fatliquoring

PELMATOL NFO may be mixed and emulsified with sulphited/sulphonated oils, as well as with appropriate emulsifiers like PELMOLIN SB. Due to the product being totally natural, it is not stable at low temperatures.

Handling & Storage

12 months if stored between 5° - 35°C

Our recommendations are based on according to our experiences and observations. The customer should perform his own tests in order to determine the suitability of the products for their production routine. As İLİKEM KİMYA can not control the conditions of usage of the products in tannery, the consequences comes within the customers responsibility.
