

## Technical Data Sheet

# Wax 6030

### Product Review

WAX 6030 is a syntetic and natural waxes in water emulsion.

### Product Characteristics

Physical state	Milky white paste
pH ( solute. 1:10)	8,0 – 9,0
Active Substance	17 % ca.
Light Fastness	Good
Charge	Anionic

### Benefits & Appliciation

WAX 6030 is the classical polishing wax used for all kind of shoes.

It gives a good filling power with a pleasant feel and natural shyness.

It can be also used alone in finishing for leather as bottom polishing or with other waxes for burnishing effect.

The application for shoes is using it concentrated with a sponge or if necessary adding some liquid dyestuffs.

The application on leather could be made by roll coat hand padding or diluted in water by spraying.

### Handling & Storage

12 months if stored between 5° - 35°C.
